

MARYLAND

November 13 & 14, 2024 Marriottsville, Maryland

The Maryland Resuscitation Academy (RA) is pleased to announce the dates of our Fall 2024 two-day Academy. This course is being offered Wednesday and Thursday November 13 & 14, 2024 at Howard County's James N. Robey Public Safety Training Center in Marriottsville, Maryland.

The Maryland RA is a two-day intensive course dedicated to improving survival rates of patients suffering out of hospital cardiac arrest, and is suitable for Medical Directors, Fire/EMS Chiefs, EMS supervisors, EMS personnel of all levels, Communications Center supervisors and dispatchers, and hospital staffs across the state of Maryland and surrounding states. Based on the curriculum of the world-renowned Resuscitation Academy in Seattle WA, the Maryland RA is co-sponsored by the Howard County Department of Fire and Rescue Services, The Maryland Institute of Emergency Medical Services Systems (MIEMSS), and the Heart Rescue Project.

Through your attendance, you will increase your understanding of the interventions important to pre-hospital cardiac arrest survival and learn ways to improve survival rates in your community. This Academy features acclaimed faculty who are accomplished in the field of cardiac arrest survival, with a focus on the science of CPR, the importance of time, data and measuring performance, the critical role of dispatch, pediatric cardiac arrest, and more. Additionally, the academy includes an in-depth, practical train-the-trainer session where all class participants will learn and become confident in delivering High Performance CPR, a practice proven to increase survival. Each participant will also leave with a standardized curriculum (including instructor guide and standardized videos) to begin to teach this practice in your organization.

The Academy is held both days from 8:30am–5:00pm and includes a continental breakfast and working lunch. Tuition is complimentary, and generously covered by Academy sponsors. **The deadline to apply is COB Friday, September 13, however registration may be closed and notifications made sooner if all seats are filled.** Additional details will be provided following acceptance into the academy.

[Click here for the application form](#) and apply at your earliest convenience. Preference will be given to groups sending two or more people in leadership, training, and field positions, capable of making system-wide improvements. Organizations outside Maryland are encouraged to attend. For questions, please email us at careshoward@gmail.com.

"Working to create a world where no one dies from cardiac arrest."
